Tutorial 1 - Group 14 Assignment 1

Document Marks: 34/35
Decomposition: 9/10
- VERY well defined decomposition
- only suggestion: justify the decomposition by using the requirements for the assignment -1

Public Interface: 8/8
- great use of MIS and MID

Uses: 3/4
- good work. In addition to the diagram a small section on how/why each relationship works would be beneficial. -1

Private Implementation: 5/6
- clearly define what entities are private and how they are maintained through methods. Also provide a small justification on why they are private variables/methods -1

Traceability: 3/4
- Again a small section on how each class meets the requirements would be beneficial -1

Evaluation: 3/3
- great work!

Spelling/Grammar/Layout: +2
- Very well formatted and it is clear you all put a lot of time into this :D

Testing:
